BAD FOR NORWAY.

Sweden in Alliance with Germany.

Kaiser Receives King Oscar on the Yacht Hohenzollern in Gefle Harbor.

Warlord Will Send a Number of Battleships to Salute Flag.

Russia Will Not be Permitted to Make a Way Through the Baltic.

[BY DIRECT WIRE TO THE TIMES.]

GEFLE (Sweden) July 13.—[By Atlantic Cable.] There is best authority for the statement that an alliance between Germany and Sweden actually has been concluded, and that the German Emperor, in his three hours' conference with King Oscar today on board the imperial yacht Hohenzollern, arranged a compact which will, in all probability, not only interfere with the policy laid out by Norway, but also have a lasting influence in preventing Russia from making her way permanently through the Baltic Sea by the seizure of any Swedish territory.

It was a great welcome which the German Emperor received when the royal yacht entered the harbor. All the warships of Sweden were gathered so that they might properly salute Emperor William, and the bands played respective national anthems of the two nations. King Oscar was received on board the Hohenzollern by the Emperor and Prince von Buelow, and will remain as the guest of Germany's ruler until tomorrow.

After a reception on the yacht's deck, King Oscar, Prince von Buelow and the German Emperor left Gefle and were closeted in the drawing-room of the yacht from 2 o'clock until 5 o'clock in the afternoon. Immediately after supper, it was formally announced that this and next month, Emperor William would make the greatest naval demonstration in the history of Swedish waters.

Thursday of next week, six battleships will arrive in the harbor of Gothenburg, and eight cruisers in the harbor of Uddvalva. On August 3, seven battleships, ten cruisers and a torpedo-boat squadron will visit Stockholm and the five battleships will salute the Swedish flag at Karlskrona. King Oscar formally, on behalf of his government, tonight granted permission to enter these war ports.

This may be taken as notice that Emperor William proposes to stand by Sweden in any trouble with Norway, and undoubtedly the great war lord of Central Europe has obtained something in return for the assistance which he now offers. Whether this course, outlined in the Hohenzollern this afternoon, will drive Norway to war is not known, but the probability is that Emperor William, having failed to create a situation in Morocco, now proposes to obtain an outlet for his ambition in Northern Europe and pave the way for preventing any advance by Russia after the close of the Japanese war.

This new arrangement undoubtedly will excite lively interest in Denmark. For years it has been assumed that Germany would let Russia take Sweden and Norway if Denmark could fall into the Emperor's hands, but this new alliance cuts Russia out of consideration and apparently isolates Denmark.

FLINT—ALSO DAGBLAD.

[BY THE ASSOCIATED PRESS—P.M.] STOCKHOLM, July 13.—Charles R. Flint of New York arrived here today, and had a long interview with Minister of Marine Palander. Flint declined to state the object of his visit. The semi-official Dagblad, referring to the rumor that Prince Charles of Denmark may ascend the throne of Norway, says: "It would cause astonishment, not to say sorrow, if Denmark allied herself with a country which, through revolution, robbed a lawful King of one of his thrones."

MRS. TRÄVERS DIVORCED.

NEWPORT, July 13.—[Exclusive Dispatch.] It was learned in Newport today, on the best authority, that Mrs. William R. Travers has got a divorce. Travers is now at Newport, but declines to talk. A person who is a member of the family confirmed the report, stating that it was correct, and a divorce has been granted. Other than this he would have nothing to say. Mr. and Mrs. Travers have figured prominently in Newport society for a number of years, and Mrs. Travers, who was Miss Isabelle Harriman, was a great favorite in the social set. Travers is the only living son of the late William R. Travers, who was the first president of the New York Athletic Club and one of the group that established Jerome Park racetrack.

CATHOLIC EDUCATORS.

Officers of the Association Unanimously Re-elected and School Department Also Makes Selections.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, July 13.—[Exclusive Dispatch.] The Catholic Educational Association today reflected unanimously for president, Right Rev. Mgr. Dennis J. O'Connell, D.D., Catholic University, Washington; vice-president, Very Rev. E. R. Dyer, D.D., Baltimore; treasurer, Very Rev. Bernard J. Milligan, Camden, N. J.

The School Department elected the following: President, Rev. Louis S. Walsh, Salem, Mass.; vice-president, Rev. P. R. McDevitt, Philadelphia; secretary, Rev. F. W. Howard, Columbus, O.; treasurer, W. J. Shanley, Hartford, Ct.; Executive Committee, Rev. J. J. Toomey, Dubuque, Iowa; Rev. J. A. Wegmann, French Village, Iowa; representatives to General Executive Committee, Rev. Edward F. Gibbons, Buffalo, and Rev. T. A. Thornton, New York.

Before the close of the convention today, the foundation of the Free Catholic High School system throughout the United States was laid. The plans need now only the approbation of the American hierarchy, headed by Cardinal Gibbons, and if the offer of the colleges is accepted, a system of secondary education, extending throughout the land, will be established, representing an endowment of not less than \$2,500,000. The system is to be established by turning all Catholic preparatory colleges now conducted by religious orders and brothers of Christian schools into free high schools, based on broader lines indicated by Archbishop Farley in his address to the Association Tuesday. The convention closed tonight with a big mass-meeting at Carnegie Hall.

HOSPITALS FULL OF VICTIMS.

NO RELIEF FROM THE HEAT WAVES AT NEW YORK.

Nineteen Deaths Yesterday Bring the Total up to Nearly a Hundred for the Five Days—Greater Part of the Country is Experiencing Terrible Weather.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 13.—[Exclusive Dispatch.] No relief is in sight from the hot wave. The Weather Bureau offers continued warm weather and predicts southerly winds, with damp, equatorial heat from seaward. The number of deaths today was nineteen, bringing the total since the beginning of the hot wave up to nearly a hundred.

The hospitals are full of heat patients, giving the doctors and nurses long extra hours of work every day. The New York Association for Improving the Condition of the Poor is doing a big business at its fresh-air resort at Seabreeze. It has a waiting list of 3000 mothers and babies. Already 2000 have received an outing amounting to ten days.

ALL OVER THE COUNTRY.

AND NO IMMEDIATE RELIEF.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, July 13.—Hot weather prevails over the greater portion of the United States, according to reports received at the Weather Bureau tonight. Apparently there is no immediate relief in sight, except through scattered thunderstorms in several sections. Throughout the West, the reports indicate increasing hot weather.

The humidity is high along the Atlantic Coast from New England to Florida, and the prospect is that it will continue so for two or three days. In Washington today, the maximum temperature was 88 degs., but some relief has been experienced from local thunderstorms. There were a number of heat prostrations here, but, so far as reported, none of them has resulted fatally.

Some victims of the heat were rendered insane by their suffering. In Brooklyn, Daniel McCarthy sought relief by drinking carbolic acid, and died immediately. Jerry Lane, a coal passer, went mad in the boiler room and attempted to brain a comrade with a pitcher from which they had been drinking ice water.

TITTONI AND ROUVIER TO EET.

ROME, July 13.—The Patria, announcing an approaching meeting at Aix, France, between Tittoni, the Italian Foreign Minister, and Rouvier, the French Premier, says they will exchange views on important questions of foreign policy, especially regarding common action by France and Italy in the Mediterranean. The paper says they will also discuss withdrawing the detachment of international gendarmes from the island of Crete.

GREENE EXPECTS DIVIDEND.

BOSTON (Mass.) July 13.—[Exclusive Dispatch.] W. W. Allen, the New York mining expert formerly with the American Smelting and Refining Company, who made the report upon the Greene Gold Company to refute the Glover report, has been appointed general manager of the Greene Gold Silver Company. Col. W. C. Greene says there is every reason to believe that the dividend on Greene Consolidated Gold will be declared and paid by the 20th of this month.

TERRORISTS ON THE TRAIL OF TREPOFF.

Only Consolation They Give Him is That He Will Die in Bed.

Over a Score of Revolutionists Hung at Odessa and Another Batch Will be Disposed of Today—Four Regiments Rumored to Have Mutinied at Moscow. Police Make Big Haul of Bombs.

[BY THE ASSOCIATED PRESS—P.M.]

TOKIO, July 13.—[Exclusive Dispatch.] A dispatch to the Kokumin from Peking says Capt. Zosakoff is about to lead a Russian military expedition to Lhasa, the capital of Tibet.

ST. PETERSBURG, July 13.—The resignation of Boulanger as Minister of the Interior is expected daily. Trepoft, Assistant Minister of the Interior, probably will be his successor. The Terrorists have recently renewed their warnings against Trepoft with ominous persistence. He is in constant receipt of letters signed by the Executive Commission of the Fighting Organization, informing him that his hour has come.

A remarkable feature of all the communications is that the writers take pains to say that no safeguards will avail to avert his impending doom. At the same time, they tell him he need not be afraid to go abroad in the streets.

They add: "Your sentence will be executed in your own room. You will die in your bed."

The Terrorists seem to take pride in issuing a challenge involving a demonstration of their power and resources to penetrate the armor of the police.

EXPECTS TO BE KILLED.

Moreover, Trepoft knows enough of the desperation of the Fighting Organization to believe that the Terrorists are able to execute their threat. He makes no concealment of the fact that he expects to be killed but his nerve is unshaken. "I will at least die at the post of duty," he says.

Privately, Trepoft takes a gloomy view of the future of the autocracy, in which he believes. He is confident that if given untrammelled power he could restore the old status quo in a year, but the present vacillating policy, he thinks, will end only in ruin. A representative assembly, no matter what its initial character will be, he is convinced, would soon be transformed into a constituent assembly, which would give the death blow to absolutism.

RUMORS OF ARMY MUTINY.

Rumors are current in this city that four grenadier regiments at Moscow have mutinied and that at Warsaw yesterday, certain officers refused to give the command to their men to fire on people who were making a demonstration. Not the slightest confirmation, however, is obtainable of these rumors.

THE BOMB FACTORY SEIZED AT TIFLIS.

The bomb factory seized at Tiflis, Caucasus, is considered an important haul. It contained, in addition to finished bombs, a large quantity of dynamite, nitro-glycerine and other explosives. Thirteen persons belonging to the local revolutionary committee were captured. A chemist who was implicated committed suicide.

REVOLUTIONISTS HUNG.

STRINGING AT ODESSA.

[BY THE ASSOCIATED PRESS—A.M.] ODESSA, July 13.—Twenty-four leaders of the recent disturbances here were hanged today in various prisons. Another batch of twenty-seven will be publicly executed upon the arrival here of Gen. Agnatieff, president of the special conference for the revision of exceptional laws designed for safeguarding public order.

OF 202 PERSONS ARRESTED AND CHARGED WITH ROBBERY OR INCENDIARISM IN CONNECTION WITH THE RECENT RIOTS, SEVENTY-FOUR

THE REVOLT IN RUSSIA.

They were acquitted today, owing to lack of evidence, and twenty-eight were sentenced to six weeks' imprisonment, the time to include the two weeks which they have already passed in prison.

The extraordinary outcome of these trials has aroused much comment here. It is open to question whether it is a political demonstration against the military government, and furnishes evidence of the conflict going on between the municipality and the government, as the judges are elected by the people.

The battleship Georgi Pobiedonosetz has arrived here with a fresh crew for the purpose of taking the mutineers to Sevastopol for trial by court-martial.

ASSASSIN A SCHOOLTEACHER.

LIGHT ON SHUVALOFF KILLING.

[BY THE ASSOCIATED PRESS—A.M.] ST. PETERSBURG, July 13.—Official advices received by the Minister of the Interior this afternoon say that the assassin of Prefect of Police Shuvaloff of Moscow has been identified as a former schoolteacher of St. Petersburg, named Kulikovskiy, who is actively connected with the political agitation and is believed to have belonged to the Terrorists' organization. He was first arrested under the administration of assassinated Interior Minister Sipiagin in 1901, and three years later was exiled to Siberia for six years by assassinated Interior Minister Von Plehve, but escaped in 1904 and was supposed to have gone abroad.

Kulikovskiy was next discovered at Moscow in June last, growing around the government buildings, presumably intent on committing a political crime. He was arrested and taken to a police station from which he escaped. Upon his escape, Shuvaloff offered a reward for his capture.

After the prisoner's escape from the police station where he had been confined as a political suspect, several days previous to the assassination of the Prefect, Shuvaloff set all the police of Moscow at work to effect his recapture. The prisoner in the meantime shaved off his beard, and while the police were searching for him everywhere, the man went to the Prefect's office and committed the crime for which he will now be tried.

The bullets of the revolver used by the prisoner were filled with poison.

The crowd in the ante-room of the prefecture set upon the assassin, and he was dragged into the street and terribly beaten.

COTTON MEN TO OYSTER BAY.

NEW YORK, July 13.—Harvie Jordan, president of the Southern Cotton Planters Association and Secretary Cheatham, who recently made the charges of leakage in the Bureau of Statistics of the Department of Agriculture, which resulted in Secretary Wilson's investigation, went to Oyster Bay tonight to try to see President Roosevelt. On behalf of cotton operators here and in the South he will ask the President to make certain changes in the manner of publishing cotton reports, particularly in regard to the acreage figures.

SWITCHES RENDERED USELESS.

PITTSBURGH, July 13.—Under cover of darkness Wednesday night a force of Pennsylvania Railroad employees tore out the connection between the West Side Belt Line, recently acquired by the Wabash road, and the Pan-Handle tracks in the West End. A stretch of switches, costing probably \$75,000, was rendered useless and the transfer of freight business between the Pennsylvania and Wabash effectively cut off.

TOWNS OF ROSEBUD STRUCK BY STORM.

[BY THE ASSOCIATED PRESS—P.M.]

FAIRFAX (S. D.) July 13.—One of the worst storms that ever visited the Rosebud reservation struck the towns of St. Elmo, Burke, Herrick and Gregory, resulting in the death of one person and the injury of eleven others, two of whom may die.

At St. Elmo, three buildings were destroyed, and Roy McFadden was killed.

At Burke, a few miles north of St. Elmo, ten buildings were destroyed. The home of Mr. Jensen was demolished, and Jensen, his wife and baby seriously hurt. Mrs. Jensen and her child may die.

At Herrick, nearly the entire town was damaged. Two livery barns, three

stores, a saloon and twenty-one residences were entirely destroyed and five persons injured. They are:

BILLY HOWELL.

GEORGE CUSTER.

JOHN HERRICK.

MRS. HUGH COUGHLIN.

CAPT. LAMLEY.

Three buildings were unroofed and seven smaller ones destroyed at Gregory, but no person was injured.

The storm was severe over the entire reservation, and several inches of water fell at the points which suffered the worst. Much damage was done to crops and wires, and most of the details of the havoc wrought have been brought in by passengers from the different towns.

CALLS GEN. ANDRE A SNAKE.

Terms of Endearment Cause Rough House at Closing Session of French Parliament.

[BY THE ASSOCIATED PRESS—P.M.] PARIS, July 13.—[By Atlantic Cable.] Parliament adjourned for the summer recess tonight after an exciting scene in the Chamber of Deputies over the clause in the Amnesty Bill passed by the Senate Wednesday re-instating those convicted of drawing up secret reports concerning the conduct of army officers, during which Lapiere (Anti-Semite), violently attacked Gen. Andre, former Minister of War, calling him a reptile.

Beiteux, Minister of War, vigorously defended his predecessor and stated that he declined to continue his support of the government's Amnesty Bill, in consequence of the charges made. The Minister then left the chamber. Beiteux's action aroused much confusion and the sitting was suspended, and at an impromptu ministerial council it was decided to withdraw the bill.

On the resumption of the sitting, Premier Rouvier announced the proposition of the Chamber, thus annulling the Amnesty Bill. In order, however, not to disappoint the public on the occasion of the national holiday, it has been arranged that the amnesties will be announced by Presidential decree.

GOLDEN RULE ON ROCKEFELLER.

IDA TARBELL MEASURES HIM BY CHRISTIAN STANDARD.

It's a Far Cry from Bearing One Another's Burdens, She Thinks, to Gobbling the Whole Business. Authoress Replies to the Statement of John D.'s Attorney.

[BY DIRECT WIRE TO THE TIMES.]

CLEVELAND (O.) July 13.—[Exclusive Dispatch.] Ida Tarbell today, in a statement wired to a local newspaper, came to John D. Rockefeller's defense of his action in the Corrihan controversy as follows: "Mr. Kline urges that Mr. Rockefeller sold the stock acquired from Mr. Corrihan soon after the transaction. I do not see that that proves anything. He may have bought it back. He certainly was foolish, if he parted permanently in 1895—at least to anyone but a member of his family—with any portion of his Standard Oil certificates."

"Mr. Kline says I used the charges made in the petition instead of in the testimony. I did, and I see no reason why I should not have done so. I used nothing which I had not convinced myself was true, and nothing which Mr. Kline's statement makes me feel I should retract."

"I accuse Mr. Rockefeller, not of breaking the law, or even the rules of business, as they seem to be interpreted by many men in business. I judge him by the Golden Rule, and I claim that Mr. Rockefeller himself gives me the right to use that rule in estimating his character. He presents himself to the public in only two phases—as 'the richest man in the world,' and as an active adherent of the Christian Church. If Mr. Rockefeller did not, and had not all his life publicly declared that the church and the Bible were the most precious things in his life, I should hesitate to apply the Golden Rule to the Corrihan case. As it is, I claim that I have that right."

"I see nothing in what Mr. Kline has written to make me change what I write in summing up the case in question. In Mr. Rockefeller's practice, mutual helpfulness has nothing to do with trade. Might makes right—not generosity, not justice, not humanity. It is a far cry, indeed, from this creed to the one of that religion which Mr. Rockefeller holds up to the world as his most precious possession—the religion whose very essence is in bearing one another's burdens."

WIRELESS TO THE ORIENT.

Station on Mt. Tamalpais to Send Messages to Honolulu and Asia.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, July 13.—A complete wireless service between San Francisco and the Orient is now proposed within a year, and a commercial service to Honolulu within six months. On the highest westerly point of the Mount Tamalpais range, two wooden towers, each 300 feet high and 100 feet apart, will be erected. Between these two wires are to be hung, from which electricity can be discharged into the atmosphere.

When completed, it will be the most powerful wireless station in the United States to be utilized as receiving station for all trans-Pacific messages. Stations will also be built at Guam, and probably at Manila.

MYSTERY REIGNS.

Ryan, Morlon and Hyde Meet.

Rumors of Further Damaging Conditions Disccovered in Equitable's Affairs.

Meeting of Directors to be Held Today Awaited by Wall Street.

Alexander III—Letters to Schiff Assuring Him of Confidence.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 13.—District Attorney Jerome today made an unsuccessful attempt to secure from the office of First Deputy Superintendent of Insurance Robert A. Hunter, in this city, a copy of the detailed evidence on the affairs of the Equitable Life Assurance Society, taken before Superintendent of Insurance Hendricks.

Hunter declined to comply with the request, unless Jerome gave him a receipt to show that the copy was the property of Superintendent Hendricks and would agree to return it within a reasonable time, when requested to do so. Jerome then sent another letter to Hunter, in which he said: "I ask that you deliver to me, without qualification or conditions, a copy of the testimony taken by the Superintendent of Insurance pursuant to the promise made by the Superintendent of Insurance to the Governor. I will answer to your superiors for its safe custody, and return at the proper time."

NEW YORK, July 13.—[Exclusive Dispatch.] The mysterious conferences held by Thomas F. Ryan, James H. Hyde, Paul Morton and other men prominent in the affairs of the Equitable Life Assurance Society excited much interest in the Wall Street district today. None who participated in them would say a word about their import, but others close to the situation intimated that what was agreed upon would be apparent at the special meeting of the Board of Directors of the Equitable tomorrow.

Hyde, after spending the bulk of the day in the offices of the Equitable Trust Company, went over to the Morton Trust Company, late this afternoon, and had a long conference with Ryan. Hyde was accompanied by William C. Gulliver, one of his lawyers. A little later, Paul D. Cravath, one of Ryan's lawyers, who drew the deed of trust turning Hyde stock over to the Cleveland Board of Trustees, joined them.

While these men were conferring, Morton was closeted in his office in the Equitable Building with Deputy State Insurance Commissioner Hunter. It was rumored that the examiners for the State Insurance Department are working under the direction of Chief Examiner Vanderpost, had discovered further damaging conditions in the Equitable, and that Hunter had gone to Morton to talk them over with him. As soon as Hunter had left him, Morton sent for Gage E. Tarbell, second vice-president, and the two men had a long talk. Then Morton put on his hat, and walked hurriedly to Ryan's office.

"Will you say anything about Jacob H. Schiff's assertion that the books of the Equitable were falsified in relation to the dealings in Union Pacific preferred stock?" Hyde was asked.

Instead of replying, he merely waved his hands deprecatingly, and shrugged his shoulders. Some of those in Wall Street who never have taken seriously the transfer of Hyde stock to Ryan and its subsequent transfer by Ryan to Cleveland, O'Brien and Westinghouse, ventured the opinion that Hyde and Ryan were preparing plans for work to be done by the directors, who will meet at 11 o'clock tomorrow morning, and that the payment of dividends on Hyde stock, due July 1, also was being arranged for in such a way that the public would not know absolutely whether those dividends eventually went to Ryan or to Hyde. It was rumored, too, that both Hyde and Gulliver protested vehemently to Ryan against the action of Morton in continuing Gage Tarbell at the head of the agency forces of the society.

Other men whose activity indicated

This is a dark, high-contrast, black and white image. It appears to be a close-up of a textured surface, possibly a book cover or endpaper. A vertical strip of lighter, more uniform material runs along the left side of the frame. The rest of the image is dominated by deep shadows and highlights that reveal a rough, fibrous texture. There are some faint, vertical lines and small, light-colored specks scattered across the darker areas. The overall composition is vertical and abstract.

JULY 14, 1935.

The office boy reports that he is having a high time. We expect to receive a letter from him in time for publication Sunday.

Sample Waist-Coats \$1.85

500 Toy Balloons

Will be Sent Up Friday From Our Roof
Watch For Them Boys

Hunt For Them
We Will Give 25c
FOR EVERY ONE RETURNED

The Flight Lasts All Day

Friday, July 14th, we will send up 500 toy balloons from the roof of our building, corner Fourth and Broadway. There will be a ticket pasted on each one of these balloons which will be redeemed at 25c. A good lively boy can make several dollars by watching for the place where these balloons light and returning them to us. We will start sending them up Friday morning at about 8:30 and continue all day or until 500 have been sent up. Remember every balloon is worth 25c, so they are worth hunting for. Here's a chance to make some vacation money. Bring down your airguns and take a shot at them; we don't care.

COLLINS MAKES
FUTILE FIGHT.ALLEGED BIGAMIST MUST
RETURN TO CALIFORNIA.

Attorney With Martial Troubles
Said He Skipped to British Colum-
bia to Escape Conspiracy Being
Hatched Against Him by Bench
and Bar of San Francisco.

(BY THE ASSOCIATED PRESS—P.M.)

VICTORIA (B. C.) July 12.—George D. Collins fought hard, although unavailingly this afternoon before Judge Lampan to prevent the removal being taken to allow the officials and witnesses arriving from San Francisco to prosecute him for perjury in connection with the suit brought against him in the Superior Court at San Francisco by Charlotte Newman, who claims that Collins married her May 15, 1928, and that his later marriage to Charles McCurdy at Chicago was bigamous.

Collins' application for dismissal on the ground that the warrant was defective was not granted, and he was remanded for six days to allow officers arriving to conduct extradition proceedings. Collins was permitted by Judge Lampan to address the court in his own behalf, following Attorney H. D. Heinemann, who is conducting his case.

Collins addressed Judge Lampan, advancing objections to the validity of the information upon which the warrant for his arrest was issued and outlining the California law affecting perjury. He and his counsel held the warrant secured for his arrest was void, as it omitted to state the perjury as "willful." They held this omission as fatal. They further objected that it was not shown that the perjury was committed before an official with jurisdiction to try the case in connection with which it was alleged to have been committed, that it is not shown that Collins was sworn and that it was not shown that the alleged perjury was material, which is necessary under California law, while unnecessary under Canadian laws.

WARRANT SUFFICIENT.

Frank Higgins, acting for the San Francisco police, produced authorities to show that the accused could be held without a sworn statement that perjury had been committed without details being specified and quoted several extradition cases before Canadian judges in support. The judge said he considered the warrant sufficient to hold Collins, and remanded him for six days. An arrangement was made so that Collins will be held in jail, but in the custody of a special officer, whose expenses will be paid by him.

Collins, in an interview, said he considered the proceedings the work of a conspiracy against him at San Francisco. This conspiracy was the work of a powerful minority, including both bench and bar. The indictment against him was secured by the conspirators because the judge who presided over the grand jury which indicted him was a man who sought to ruin him because he had the judge impeached before the Governor for conduct unbecoming the bench. Another judge worked against him because he had strongly taken that judge to task in the interest of a client, and another was opposed to him because he had upset many of the judge's decisions on appeal, and the press conducted a campaign of vilification against him. His activity in support of the Schmitt administration also provoked antipathy and, knowing that he had been prejudiced before the Governor for conduct unbecoming the bench, he fled from San Francisco.

WITNESSES WANTED.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, July 12.—Chief of Police Dinan tonight received the following telegram from the Chief of Police at Victoria:

"Collins held; his application for discharge dismissed. Case remanded to Wednesday next to permit us securing necessary evidence. We must have following evidence here by next Wednesday morning:

"At least two expert witnesses of law of perjury in California.

"At least two witnesses to prove that Collins actually committed perjury according to California law.

"Officer with original warrant duly issued by proper California authorities.

"Original depositions should be brought here and certified by judge as original.

"Signature of judge thereto should be certified by clerk of court and identified by official reading warrant.

The above conditions will be complied with. It is understood that the Bar Association will assist in defraying the expenses that will be incurred in the attempt to bring Collins within the jurisdiction of California.

ABE HUMMEL TURNED DOWN.
DODGE-MORSE DIVORCE TANGLE.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, July 12.—Abraham Hummel, the attorney under indictment on a charge of criminal conspiracy in connection with the Dodge-Morse divorce tangle, will not be permitted to inspect the minutes of the grand jury, which returned the indictment. Denying the application for such permission, Judge Davy, in the criminal branch of the Supreme Court, today declared that, on inspecting the testimony before the grand jury, he was convinced that there was evidence to sustain the indictment. "It might say," he added, "that there is evidence to warrant conviction."

Hummel and Benjamin Steinhardt, another attorney, who was indicted jointly with him, and Charles F. Dodge were called upon to plead to the indictments against them. Dodge was not in court. Hummel's counsel entered a demurrer. Justice Davy overruled the demurrer and announced September 18 as the date for the beginning of the trial of Hummel and Steinhardt.

TALL GRASS JIMMIE.

Police Seek Him in Connection With Money Missing from Cigar Store Till.

The wrath of C. L. Vickers is a good substitute for the cigar lighter in the tobacco shop at No. 847 Central avenue. He is still smoking over a case of misplaced confidence and an empty till which registered \$32.50, but showed not one cent in the cash drawer.

Incidentally the police are looking for one Mexican who carries about with him the good old Bunker Hill name of Jimmie Green, or Santiago Green, as he might be called at home.

But Jimmie is green in name only. Yesterday morning he lounged about Vickers' cigar store under pretext of reading the morning papers. During the time he remained there Vickers stepped across the street on an errand. When he came back Jimmie was gone. The till was still there, but the cash had departed. The police were not on the case, but although Jimmie, who is a parole boy from the Whittier School, outlined his history by hitting a few of the high places, they failed to locate him.

At latest reports Santiago was all logged out in a new pair of red box, a gold watch and a three-pound fine gold chain. Vickers says his money didn't buy that outfit. Jimmie must have gone in with "Scotty."

CURE FOR HAY FEVER.

Your Druggist Says Hyomel Will
Give Relief—Sold Under
Guarantee.

When Hyomel is used as a preventative, or a cure, there will be no hay fever. We advise daily treatment with Hyomel for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventative treatment is not started soon enough, and the disease makes its appearance, use Hyomel six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomel is used. Breathed through the nasal pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

The complete Hyomel outfit costs but \$1. Extra bottles, 50 cents. It is the only treatment for hay fever sold under a guarantee to refund the money if it does not give satisfaction. If you cannot get Hyomel of your druggist, it will be sent, postpaid, on receipt of price, \$1.00 for complete outfit, 50 cents for extra bottles. THE R. T. BOOTH CO., Hyomel Bldg., Bldg., N. Y.

FALLEN WOMAN
DIES BY SHOT.LOSES LIFE THROUGH QUARREL
IN OXNARD TOWN.

Attracted by Noise of a Fight Between Two Men She Goes to the Window of Her Crib Just in Time for Bullet to Accidentally Penetrate Her Body.

(BY DIRECT WIRE TO THE TIMES)

OXNARD, July 12.—(Exclusive Dispatch.) A quarrel of two men over money at an early hour this morning ended in the shooting and death of Gabriel Potts, a woman of the half-breed.

An hour before midnight last night a man by the name of Cassidy from the Southern Pacific quarry went into the Chinese saloon on Saviers avenue, where he left some money with the bartender, Bill Reilly, to be kept for him.

About 1:30 a.m. he awoke Reilly and demanded the money. Reilly refused to get up and get it. Words followed and a scuffle ensued. To defend himself Reilly drew a revolver and a shot was fired.

The noise attracted attention and drew the Potts woman to the front of her crib, which was close by. While the shot by the window was fired, she died within a few minutes.

Both men were arrested. Reilly is out on bail.

MURDER AND SUICIDE.

SHOCKING SPOKANE TRAGEDY.

(BY THE ASSOCIATED PRESS—P.M.)

SPOKANE (Wash.) July 12.—Frenzied by melancholy and continued brooding over alleged injuries, Charles H. Davis tonight slew his wife, his three-months-old baby and committed suicide in his house on the north side of the city. Without a moment's warning or uttering a cry, the wife and baby had their heads nearly severed from their bodies by a razor in the hands of the husband and father. Davis then made three dashes into his own throat and fell weltering into a pool of his blood in the kitchen. In the brief space of three minutes the entire family was blotted out.

The tragedy occurred so quickly and so thoroughly did the man do his work that, nearly nothing remained to apprise them of the fearful deeds being enacted. The position of the bodies indicated that Davis approached his wife from a rear room and, seizing her by the hair, swiftly drew the razor across her throat. He made two strokes and her head was almost severed from her body. He then went into the bedroom where the baby was sleeping, cut its throat and carried the body into the front room, where he placed it beside the mother. He then returned to the kitchen, where he killed himself. Davis, his acquaintances say, was morose and melancholy. He complained he had not been given the best in saving money a wife should give him. Davis was 31 years of age. He was employed as a painter for the Washington Mill Company, where he got his time last Saturday night, but he had another job in prospect. Mrs. Davis was died 31 years of age. Mrs. Davis was highly respected.

MAGNETIC HEALER'S WIFE.

DIES FROM POISONING.

(BY THE ASSOCIATED PRESS—P.M.)

ATCHISON (Kan.) July 12.—Mrs. Sarah R. Peaseley, wife of Prof. Peaseley, a magnetic healer, is dead from poisoning. Prof. Peaseley says his wife had been ill for several days, and he called in a physician. A boy, he says, appeared later and delivered a powder, saying the physician had sent it. Twenty minutes after swallowing the drug she died in great agony.

The identity of the boy has not been established, and the regular physician says he did not send the medicine. A post-mortem examination will be held.

One-Eyed Escaped Convict Unseparated.

TACOMA (Wash.) July 12.—A tramp who was shot at Ellensburg yesterday by Sheriff Thomas has been identified by a guard from McNelly's Island prison as William D. McCarthy, one of the escaped Federal convicts. After shooting McCarthy, Sheriff Thomas arrested thirty tramps and one of these has been identified as C. D. Castle, another of the convicts. Of the eight convicts who escaped on the Fourth of July but one, George Wade, the leader, remains at liberty.

Threaten to Lynch Surviving Bandit.

WINFIELD (Kan.) July 12.—There were threats during the night of lynching William Chadburn, the surviving bandit who shot and killed Deputy Calhoun yesterday, and he was guarded closely at a physician's office by the sheriff and a force of deputies until he could be taken today to his cell at Sedan for safe keeping. He may recover from his wounds. Chadburn released from the Federal penitentiary at Fort Leavenworth a week ago, after serving a three-year sentence for robbing the postoffice at Mulvane, Okla. The body of Deputy Calhoun, who was killed by the posse, will be buried in the potter's field.

Cooper Killed by Butcher.

SAN FRANCISCO, July 12.—Vincenzo Giannini, a cooper, was shot and killed this afternoon, by Alfred Angeli, a butcher. The tragedy took place at Sansome and Pacific streets, and was due to enmity that dates back several years, to a time when Giannini and Angeli were rival suitors for the hand of the woman who afterward became Mrs. Giannini.

NEWMARK'S
PURE
TeaPound Packages 60c
Half Pounds 30c

SIX FLAVORS

Spider Leg, English Breakfast, Momikuri, Ceylon, Oolong, Gunpowder.

A trial of Newmark's Teas will convince you of their superiority even to the most expensive teas. LOOT AN UNDERTAKER.

Patrick O'Donnell Obligingly Displays His Caskets to a Pair of Men With Guns—In the Struggle Which Follows Blood Flows Profusely and O'Donnell is Laid Out.

(BY DIRECT WIRE TO THE TIMES)

CHICAGO, July 12.—(Exclusive Dispatch.) Robbery, in which two bandits gained opportunity to loot an undertaker by posing as mourners, and which ended when the victim was left unconscious and suffering from many wounds on the floor of his establishment, was revealed to the police today.

Patrick O'Donnell was the victim. Two men, dressed in black, entered his place, and asked to be shown some caskets, declaring that they had lost a near relative. O'Donnell escorted them to the rear of the store, and bent over the coffin to unfasten the lid.

Hugo Kober, who was waiting in the muzzles of two revolvers, and the two "mourners" ordered him to throw up his hands. The three struggled about the floor for several minutes, overturning several caskets. All were bleeding profusely, when one of the robbers, dressed in black and armed with a revolver, stunned him.

The bandits then hastily rifled their victim's pockets and found \$11, which they took and escaped. O'Donnell was found unconscious an hour later, and was taken home.

BOXERS ARRIVE.

ARE READY TO TRAIN.

Tommy Burns, who is to meet Hugo Kelly this month in Tom McCarey's "revival," arrived yesterday morning accompanied by Warren Zurbick, who is to train him. The pair will work at the North Beach bathhouse in Santa Monica.

Hugo Kelly is expected this morning from Chicago via San Francisco. He will train at San Pedro.

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

Mrs. T. C. Willadsen

"Before I wrote to you, telling you how I felt, I had doctored for over two years and spent lots of money on medicines, but it all failed to help me. My monthly periods had ceased, and I was suffering with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave today. I sincerely trust that this letter may help every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, LYONS, Mass.

Sunday forenoon.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Lumbermen Disce.

A party of fifteen lumber leaders of this city sat at the banquet board at the Del Monte Tavern last night. Montgomery, Mullen & Co. were the hosts.

Pine Tree Picnic.

The Pine Tree State Association has decided to hold its annual picnic at Terminal Island on July 15, and at that time all natives of Maine are expected to rally down by the ocean.

Substation Opening.

Postoffice substation No. 4 will be opened for public business tomorrow at No. 244 West Twenty-third street, in charge of Clerk Horace L. Swift. This station is one of the recent lot authorized by the department at Washington.

Dusty Night Work.

To avoid the clouds of dust that drive across the junction at Main and Spring streets during the operations of the workmen there clearing the site for the postoffice, much of the heavier work is being done at night, under the glare of electric lights. A barricade has been erected around the site, and the work of leveling the ground is progressing rapidly. Crowds of cholo, during the day, swarm over the pile of debris in an effort to find articles of value on the site of the famous buildings recently razed.

Postoffice Appointments.

A number of substitute letter-carriers have been appointed to positions on the regular force. They are Charles D. Rogers, Willie S. Troxell, John H. Brown, H. H. Norman, Clarence M. Lynn, John A. Hammel and William R. Birmingham. Substitute clerks appointed to positions on the regular list are John E. Busby, Rella O. Simmons, Justin T. Bruckner, Leon A. Styles, Lewis H. Campbell, George F. Cole, Julien K. Millerbrandt, William T. Beyer, Raymond H. Bradford, August D. Barton, Albert B. Sanchez, August A. Gonzalez, George H. Cordier, Joseph F. Barratt and Charles W. Sullivan.

Five Federal Suits.

The United States Consolidated Seed and Grain Company, a corporation doing business under the laws of New York, brought five complaints for patent infringement in Federal court yesterday. One complaint is against the El Cajon Raisin Company, and two each are against the Seropian Bros. Company and Chaddock & Co., both California corporations. The consolidated claims to own a seedling device, which the defendants are alleged to be using without due right. In the case of the Seropians and Chaddock there is an alleged double infringement, hence the two suits.

Humane Society.

At the monthly meeting of the Los Angeles Humane Society held yesterday, Dr. F. A. Seymour and Hugh Harrison resigned from the executive committee. James A. Haskett and Mrs. W. Whelan were elected to fill the vacancies. The humane officer made his report involving dealers with eighty-two children during the month. The society now has on its hands four girls for whom it is desired to find good homes. They are Frieda Plesch, a German girl aged 14; Ethel Thomas, aged 15 months; Petra Tharra, a Spanish girl of 9 years, and Alice Crawford, a colored girl aged 3 years.

The Quaker Comes Home.

Rev. Levi D. Barr, pastor of the Friends' Church, returned yesterday from his trip to the Sunday-school convention at Toronto. He also took in the annual convention of Friends at Pickering, Canada, where he had the honor of preaching the annual sermon. He said he traveled 800 miles without a mishap, and trains always on time, though he concedes that "Scotty" beat the record of the Sunday-school train. He said yesterday: "I have seen many beautiful cities, but Los Angeles is good enough for me." He will preach first in his own pulpit on Sunday evening.

Danish Brotherhood Grows.

The Danish Brotherhood, a fraternal society which, as its name indicates, is composed of Danish people, is growing in Southern California. Danegang Lodge, No. 128 of this city, has been recently rechartered and is now a new lodge has been organized at San Pedro with fifteen charter members. It will be known as San Pedro Lodge, No. 218, and was installed by A. H. Jorgensen of this city. The Danish Brotherhood is planning to erect a home for Danish emigrants landing in New York, so that they may be given temporary care until they scatter out to their permanent places. The local lodge has subscribed liberally to the fund for this purpose.

Robbed by Negress.

Laura Scott, a bad colored woman, got away with the belongings of Charles Carson, who arrived in the city from Globe, Ariz., yesterday, and officers got on her trail just in the nick of time. Carson put up at a cheap lodging-house on Wednesday night and the morning started to rain so hard that he had been robbed. Officers Leon and Randolph were put in charge of the case and quickly learned that a colored woman named Laura Scott had just started for Texas. A rush was made to the Arcade depot and the negress pulled from the train just as she was about to pull out. Carson lost \$138, a gold watch and other articles, most of which were in the possession of the woman when she was searched.

Closing Concerts.

The finest chorus training that has ever been done in Los Angeles is probably that done by Grant Colfax Tuller and L. H. Meredith, who will conduct concerts in Simpson Auditorium this afternoon and evening. The afternoon concert will be at 3 o'clock, and will be conducted by Mr. Meredith. It is by the "Sunshine Choir," composed of children under 15 years, assisted by Lottis Buissonier, violinist, and little Annie Schell, soloist. The evening concert will be by the adult chorus, assisted by Mr. Meredith as soloist. Mrs. Mary B. Van Velsor, dramatic reader, and an orchestra of thirty pieces under Earl B. Valentine. Mr. Tuller will direct in the evening. The concerts at Pasadena on Tuesday created the greatest sensation among music lovers. The institute, which closes with these concerts, has been under the auspices of a local committee of Sunday-school superintendents.

"Bob" Burdette's Weekly Letters.

The Times is publishing each Sunday a letter written by the famous "Bob" while he is in his European tour. The letters are statements already printed, they promise to be more than interesting, they promise to be a humor, and well worth reading.

BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer a favor on the Times office if they will turn in Sunday copy on Friday, when possible; or at least a part of it, and the balance early on Saturday. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday night.

The ladies' rest room on the top floor of the new wing of The Times Building is open daily from 9 to 6. Ladies from town or country will find this a convenient place to write, rest or read. Stationery provided for correspondence. Both phones available. Lane elevator for ladies' use. All welcome.

Atwood, manager of the Coronado Mansion, 671 Coronado st., will show you some fine, cool and handsomely furnished rooms, on suite or single. The Coronado Mansion dining parlors are open for regular or transient guests all the year round. Sunday dinners a specialty.

In the thirteenth line of S. Wesley Martin's announcement in Wednesday's Times, headed "Free Class for Choralists," appears a typographical error. The word preceding quality should read "tone" instead of "the."

Children's summer classes open today at Cumnock school. Physical culture 10 a.m. Elocution 10:45. 1500 So. Figueroa street.

Why not dine at the Coronado Mansion, 671 Coronado street. Atwood, manager. Three dining-rooms; good home cooking.

The established Hotel Coronado, 671 Coronado st., has no connection with Coronado Mansion, 111 Mathewson Prop.

\$3 gold filled rimless eye glasses for \$1, for a few days only. New York Optical Co., 229 W. Third, a native Optician. You can get good family table board at the Coronado Mansion, 671 Coronado st. Atwood, manager.

Headquarters for Arizonans, Hotel Rosslyn, 423 S. Main st.; meals 25c.

Dr. Pritchard removed 423 S. Spring. Cumnock Summer School now open.

A new assortment of fashionable stocks, the last of the week's big sale. Nearly all shades and colors, mercerized, linen, silk and lace effects, ranging from 25c to 50c each. Friday, to clear them out, 15c.

\$50 New Piano \$340

Upright Grand

Who is familiar with piano values knows that the Starr stands high in the scale. We have just received a carload of these splendid instruments, the popularity of which we propose to push during the next two days by offering regular \$450 pianos at \$340 EACH, ON EASY TERMS.

The cut illustrates one style, in the Renaissance type: Full 7-1/2 octaves, new and improved overstrung scale, rounded board, case double veneered inside and out; grand touch; patent repeating action; three pedals; ivory keys; ebony sharps.

We quote herewith one Starr testimonial, from hundreds:

"The Judson Conservatory,"
Marion, Ala.

Starr Piano Co., Richmond, Ind.

Dear Sirs: The twenty-three Starr Pianos used by "The Conservatory" for the past three years, have given the highest satisfaction in every way. These pianos have been subjected to a severe test, being used for practice about eight hours daily, and at the end of the season they are as good as new. In point of workmanship, finish, and beauty of tone, they are all that could be desired, and we recommend them to our pupils as the public as very high grade pianos, which will give entire satisfaction.

Very respectfully,
E. G. PATRICK, President.

UP SHE GOES ON WHEELS.

Shettler Climbs Courthouse Steps in an Auto.

Freaky Trick Done With a Touring Car.

Machine Run to Top Under Its Own Power.

Porch climbing in automobiles promises to become a popular social stunt—may even attain to the station of "the latest" in things to do that are unique and dangerous.

This new way of working off the surplus crop of millionaires, destined perhaps to supplant even motor-car racing on the Florida beach, which is 10 deg. worse than polo ever dared to be, was given a most auspiciously successful start in this city yesterday afternoon when Leon T. Shettler climbed the Courthouse steps unaided in his Reo light touring car.

Leon T. Shettler shooting up and down the Courthouse steps in a touring car yesterday. The most unique local automobile performance.

Without any preliminary practice stunts or even festive honking of horns—without summoning an eager populace to behold, although a big crowd collected with surprising rapidity as the little car's wonderful performance began to be noted about Shettler tumbled "Wild Bill" Ruess out of his benzine buggy as excess baggage, and amid the ribald jests of that worthy, who never croaked more dismally in his life, began one of the freakiest tasks an automobile man ever tackled in Los Angeles. Two or three who were "in" on the secret were unanimously of the opinion that the Courthouse steps were impracticable so far as an automobile was concerned, and showed no reluctance in assuring Shettler of the fact.

Taking a car with seven-tooth front and twenty-tooth rear sprockets, geared 24-7 to 1, which is the highest gearing R. E. Olds puts on any of his wagons, and loading in Ruess and two other parties for ballast in case the car should develop aeronautical tendencies after her Courthouse climb, Shettler cruised up to the northeast face of the building, paraded around to the Broadway side, ascended the drive, and with the critical eye of a canal boat captain making a landing under towpath power, sized up the situation looking for the softest spot. He finally decided it was but a choice of evils at best, and selected the northeast side.

With grim determination written upon every line of his usually placid features, Shettler rushed to the attack. The machine was working beautifully; its engine purred with the regularity of a well-fed cat about cream time, and the brakes, clutches, controlling apparatus and spark were carefully tested for soundness. The neat little car responded to a touch as a blooded thoroughbred to the whip.

The psychological moment having arrived, Shettler attacked bows on at full speed. With a rattle of rods and a burning of springs, the four-wheeled acrobat got busy at once. Up thumped the front wheels, and the journey was begun. The powerful little motor, straining hard at the rear drivers, shoved the wagon up another step, and then began the hardest part of the work. The rear wheels could not sustain continual traction when bumping half the time through air, and the first trip was but a trial; after rearing her length up, Capt. Shettler let the good ship Reo slide back to the sidewalk. There, pausing as if to rest, and taking breath in blue wheezes of unconsumed gasoline vapor, she got ready for another attempt.

This time the Fates were favorable. Without once slackening, the car took the first flight of steps as easily as it climbed the Broadway hill. On the first landing Shettler rested a few seconds, apparently more tired than the wagon. Then he bumped up to the top, and stopped on the level walk.

Spinning merrily around the Courthouse to the southwestern entrance on Broadway near the power plant, Capt. Shettler prepared to descend the meanest steps in the lot.

This last feat was essentially a test of brakes, and the mechanism for stopping the wagon proved perfect; it blocked the hind wheels, and the car when the lever was shoved ahead. A short succession of bumps and slides set the wagon right side up with ease on the sidewalk of Broadway, and Shettler set about the return trip.

This proved a very hard job, because of a short landing about half way up. It was too narrow to permit the car to stop, and too wide to be taken as an ordinary step.

There may be others in town who could do the same trick, but if so, no

desperate rush or congestion of traffic around the Courthouse has been noticed. The steps are there, and no one said a word to Shettler yesterday. Eventually somebody will probably

try to take a motor car up to the top of the Courthouse tower, or climb the side of the building. The tunes these chug wagons will play in the hands of an expert are something wonderful.

Latins and Teutons to Celebrate Fall of Bastille.

Jeunes filles qui prennent part a la celebration de la prise de la Bastille.

The French colony of Los Angeles has taken a lease on the Chutes today, and will celebrate the Fall of the Bastille in traditional style.

All the French residents of the city are expected to be present, and many will come from surrounding towns as well, they say, so that in all about 7000 guests are expected. And likewise, a number of German societies have been invited and have signified their acceptance, so that no matter what's doing on the other side of the water, Latin and Teutonic blood will mingle in peace in this town.

The celebration will begin early, and will last until midnight. There will be music by the Donatelli Band, music by choral societies, and music by a male singing organization under the direction of Joseph Dupuy. And in the evening there will be music by the Scheneman-Blanchard orchestra for the grand ball which will conclude the festivities.

The "contest of taste," which will occur in the morning, will be one of the most interesting events. Games and music will follow.

In the afternoon there will be speech-making and formal exercises in Chutes Theater. The Mayor of Los Angeles will be present, and an invitation has been sent to the Governor of California. M. Durand, consular agent of France, par interim, will make a speech, and Mayor McAleer will talk. The speaker of the day, whose address will be in English, is Oscar Lawler.

There will be a banquet at Chutes restaurant, and a \$500 display of fireworks in the evening.

The president of honor is A. Fuesnot, who, being absent, will be represented by M. Durand. The president of the day is M. Fernand Parentier.

ROCKS ALONG MILKY WAY.

Lot of Filthy Dairymen May Lose Permits.

Health Board Calls Them to Task Tonight.

Horrible Conditions Found on Surprise Tour.

Swift retribution has struck a clique of dairymen, who have their cattle corrals just outside the city limits, and who, according to the Health Commissioners, are delivering to Los Angeles consumers' milk that is too vile to be fed even to hogs.

Sunday morning the Health Board opened its pure-milk campaign with an automobile tour around the dairy farms clinging to the outskirts of the city on the west and southwest.

Twenty dairies were visited. Result: Five dairymen have been summoned to appear before the Health Board at a special meeting tonight and show cause why their permits shall not be canceled for delivering tainted milk to city customers.

But for the fact that the city ordinances do not extend beyond the corporation limits, these five dairymen would be compelled to make their defense in the Police Court. Instead of before the Board of Health.

The Mayor, Health Commissioners Kurtz and Pallette, and Milk Inspector Hood comprised the automobile party that made the inspection.

Some of the tales they tell of unsanitary, filthy conditions are almost incredible. The Digger Indians were models of cleanliness beside some of the milk dealers who send the product of their putrid dairies to the Los Angeles market.

DEATH IN THE STUFF.

"A careful inspection of at least 100 dairies that sell milk in Los Angeles has convinced me that more disease and death is caused here by impure milk than by any other one thing."

This is the summing up which Health Commissioner Pallette yesterday made of the milk situation.

"I am in favor," he said, "of devoting less time to testing vinegar and jellies and more to a combined effort on all sides to give to Los Angeles a purer milk supply."

"It is very evident that the city is made the dumping ground for milk that could not be disposed of anywhere else. I do not know where the fault has rested in the past, but I do know that the health department and the Board of Health are aware of conditions as they now exist. If we permit the delivery of germ-laden, disease breeding milk to continue, it is our own fault."

One member of the touring party that swooped down on the unsuspecting dairymen Sunday, said yesterday that the conditions at some dairies beggar description.

"We found a dead cow lying in the corral at one place," he said. "The stench was almost intolerable. I do not understand how the milkers and helpers stood it to work there. The

other cows were tramping all over the carcass.

STRAINED THROUGH FLIES.

"At another place we found cows standing in filth and manure almost knee deep. Stanchions were in a filthy condition. Milk rooms were even worse. There were no screens to keep out flies. At two places we found helpers straining milk through dirty cloths, cloths in which there were handfuls of flies."

"That sounds almost incredible doesn't it? But every member of our party will testify that what I am telling you is not at all exaggerated."

"Not all the dairies were like this, however. Some places which we visited were models of cleanliness. We found stanchions and milk rooms as clean as a kitchen floor, in a well regulated household. This was evidence enough for me that it is easy to run a sanitary dairy if the owner cares to have it so."

ONLY THE BEGINNING.

Health Commissioners say that last Sunday's inspection was only the beginning; that they expect to continue until every dairy supplying milk to Los Angeles customers has been inspected. This will be done by the Health Commissioners themselves. They will follow it up by insisting on a more thorough inspection of the dairies by the milk inspectors.

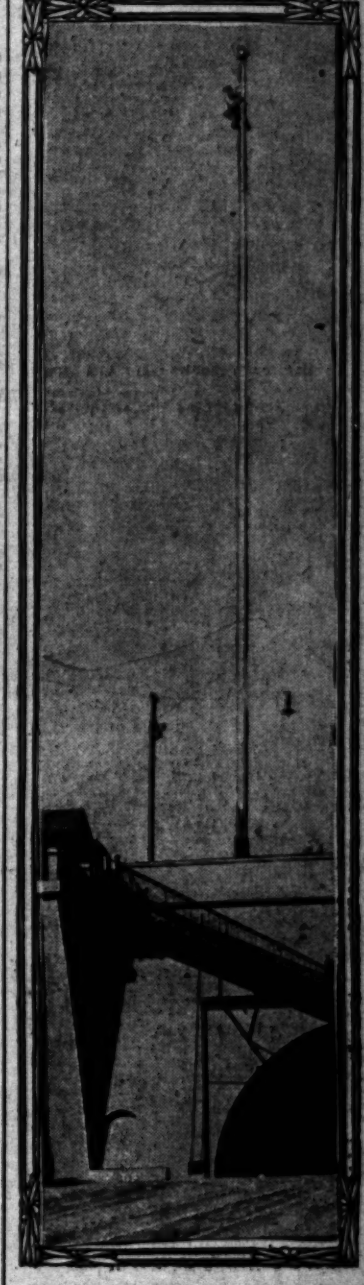

If a dairymen living inside the city limits offers impure milk for sale, he can be arrested on a misdemeanor charge, but if the dairymen and the corral are outside, the Health Board can only revoke his permit to sell milk inside. If he continues to do so after losing the permit, then he can be arrested.

The commissioners have practically decided that at least four milk permits shall be revoked at tonight's meeting. Three others are said to be hanging in the balance.

THRILLS ON A POLE.

Painter's Spectacular Feat on the Lefty Fort Moore Flagstaff Sends Shivers Along Many Backbones.

Swaying more than 100 feet in mid-air, clinging to the highest flagstaff in the city, a painter attracted much attention and caused many shivers to

Painter Patten as a North Broadway sky brusher.

run up and down various backbones, yesterday, as he skillfully painted the Fort Moore pole.

The painter and thrill-maker is a young man, G. E. Patten. Starting from the ground he clambered up the staff, which at that point is two feet in diameter, and "bitched" himself upwards, with the constantly broadening panorama of the city spreading out before his vision, until at the top, where the crowning ball was to be glided, there was only a spindle of five inches in diameter to sustain his weight.

One hundred and twelve feet from the ground he swung with his paint pots and brushes, as unconcerned as though he were in some obscure back yard whitewashing a henhouse.

But even the 112 feet seemed higher, for the reason that the flagstaff stands directly over the entrance to the Broadway tunnel, and there the hill is cut down almost fifty feet. Looking downward from the pole this was an added distance.

G. E. Patten and G. E. Patten are the team that has undertaken this hazardous work. Patten says he feels not the slightest fear while working at these dizzy heights. He simply depends on the hitch of the rope around his legs and body to sustain him. Moffet followed this "steep-climbing" business in the East several years before coming to Los Angeles; but Patten never undertook anything of the kind until a few months ago. He says there is a fascination about the work, but naively says that for some reason the insurance men will not let him take out any life policies.

OCEAN PARK TENNIS PLAY.

Every Local Expert Expected, With Three Noted Exceptions, San Diego Tourney Last Week in July. May Sutton May Return Before End of August.

The next big tennis tournament to attract the experts in this end of the State is the annual gathering of the Southern California Lawn Tennis Association, which will play for the championships this year on the fine new courts of the Country Club at Ocean Park. The dates set are from Monday, July 21, to Saturday, August 5, both inclusive.

From all accounts the play this year should be interesting in every way, for aside from the large number of good players who will enter two of the championship trophies will be defended by their present holders, and possibly a third one may be defended. It is expected that there will be at least seventy-five entrants, and very naturally all of the best players, young and old, will be there. The entry list will close Saturday, July 23. The events will consist of the men's singles and doubles, ladies' singles and doubles, mixed doubles, junior singles, and possibly a consolation event for those who do not win the preliminary matches of the open singles.

It can be stated that all of the local experts of the play, with the exception of May Sutton and Elliott, who are now in England, and Hendricks, who is in Arizona engaged in mining, May Sutton will not return in time to play, and Hendricks, who is one of the men's doubles champions, will not have time to come here. For this reason the men's doubles championship will go by default to the couple that wins it, for Sinsabaugh cannot defend it to Hendricks's advantage. Fritz Overton, who holds the men's singles championship, will be there to defend it, and Violet Sutton will also be present to defend her title of ladies' singles champion.

Without exception the players are very much pleased to know that the tournament will be held at Ocean Park, for they are assured of cool weather and fine new, roomy courts with every convenience close at hand in the clubhouse.

WILL MAY COME? The many local friends and admirers of Champion May Sutton can hardly hope to see her back in the saddle again until the latter part of August, if then, and the only reason they have to think she will return then is to be in San Rafael to defend her title of champion of the Pacific Coast. This will be decided at the annual coast tourney at San Rafael September 1-9 both inclusive, and the only reason that she might come back for that is that she has twice won it, and the trophy will become her own property when she wins it once more.

On Wednesday, Thursday and Friday of the past week—July 12-14—she was playing at Newport in Wales for the Welch championship. Next Monday, Tuesday and Wednesday she will be playing at Shrewsbury, and on July 21 she will be at Newport for several days of the first week in August. It is barely possible that she may go to Moffat, Scotland, for the Scottish championship, for the week beginning August 7, the belief here being that she may decide to clean up all the principal championships of the tight little Isle as long as she is over there.

If she decides to play at Moffat she will have just about time to return to California before the Coast championships are played, and would probably want week's rest before going to San Rafael.

COSTLY TENNIS. Some of the players who object to 50 cents and \$1 entrance fee to the local tournaments may possibly be interested to learn that at the Wimbledon tournament, where May Sutton won the championship, the entrance fee in the men's singles was \$2.50 and in the ladies' singles \$1.75 of American money.

CORONADO TOURNEY. Local tennis experts are already getting into shape for the big tournament on the Hotel Coronado courts at San Diego during the last week in July, and as a matter of course, the principal prize offered will come to Los Angeles, unless some of the cranks from the northern part of the State should happen to be in the grip of City during the play and decide to stay here. It is not sure that the locals would be beaten, for they have invariably walked over the San Francisco experts when they came to play, and were not hurt by the cheap sports around the bay.

Those who will go down from here are Braly, Sinsabaugh, Fritz Overton, Gowan and Varley of the men and the Sutton girls and possibly Mrs. and Miss Seymour of Redondo. The prizes are worth going after, and other players may decide to make the trip. Those that do go, however, will be assured of good sport, for the Coronado people have just put in two new cement courts and the accommodations are all that can be asked for.

SALT LAKE TENNIS. Notices have been received in this city of the Inter-Mountain Tennis Tourney which is to be held in Salt Lake during the week beginning August 7. It is likely, however, that any player will attend from here, the distance is too great for the rewards to be gained.

PROFESSIONAL GOLFERS. TOURNAMENT AT NEW YORK. (BY THE ASSOCIATED PRESS—P.M.) NEW YORK, July 13.—More than fifty of the most prominent professional golfers assembled at Van Cortlandt Park today to take part in the open professional tournament, which will be finished tomorrow. Will C. Anderson of the Apawamis Golf Club, Rye, the present holder of the championship title, and Alexander Smith of the Nassau Country Club, Glen Cove, both of whom only recently returned from a golfing trip through Scotland, were among the players.

The tournament will consist of 72 holes, medal play, 36 holes being played today and the remainder tomorrow, making in all four rounds of the 18-hole course.

Heavy showers early in the day precluded all possibility of low scoring. The best score turned in for the opening round today was 76, made by 17-year-old Martin O'Laughlin of the Painted Field Country Club. The next best score was turned in by George Low, the Baltimore club's professional, and Alexander Smith of Nassau, each of whom turned in 80. The open champion, Will C. Anderson, was close up with 81.

CORRIGAN'S "KILLING." WINN \$20,000 AT LATONIA. (BY THE ASSOCIATED PRESS—P.M.) CHICAGO, July 13.—(Exclusive Dispatch.) Ed Corrigan made one of the biggest "killings" of the year Wednesday in Chicago on the victory of Western Duke, Goldway and John Carroll, all winners at Latonia.

"I placed \$6000 for Corrigan," said a well-known bookmaker. "I made two

Skin Diseases are cured by Hydrozone and Glycozone

\$2000 wagers and four \$5000 bets on Western Duke alone at average form odds, which would figure better than 7 to 5, cleaning up \$7000. Corrigan also backed Goldway, another colt of his. He was backed from 4 to 1 to 7 to 2, and like Western Duke, won easily.

In the last race of the day, Corrigan sent in a big commission to John Carroll. Each of Corrigan's horses was ridden by different jockeys. Roughly estimated, a local bookmaker secured Corrigan's winnings on the day at \$20,000.

BENEFIT BASEBALL. LINE-UP OF THE TEAMS. In response to several inquiries, the personnel of the two teams that will play at the Flood benefit game at the Chutes grounds Sunday, is given below.

Shiners. Harry Leland. Fred Wilding. Frank Bryson. Ed. Nagle. Corney Fendleton. Eddie Hanlon (captain) Jim Jeffries. Sen. Fred Smith. Councilman Houghton. Tom McCarey. Charlie Van Loan. Harry Hudson. Jim Morley. Ed. Turf. Webster Brain. Henry Berry. Earl Rogers. R. B. Young. Ed. Nolan. Paul Bartlett. Bill Fessenden. Jim Pitcher. Mose Hamburger.

In order to prevent outbreaks and make every decision final, Chief of Police Hammel and Sheriff Bill White will be the umpires and as a further guarantee that they will be no serious trouble, Eddie Hanlon and Jim Jeffries, prize fighters, will be the captains of the teams. They are expected to slug their own players into looking at things the way the umpires do, and if necessary mix it with the opposition players. There is a couple of reporters on each team and with the press thus placated the game will not be roared, no matter how rotten it is.

COLORADO SPRINGS BALL CLUB. PUEBLO SAVES IT TEMPORARILY. (BY THE ASSOCIATED PRESS—P.M.) COLORADO SPRINGS (Colo.), July 13.—Word has been received here to the effect that Pueblo has raised a sufficient amount of money to take the Colorado Springs baseball team to that city temporarily. In the meantime a committee will endeavor to raise a sufficient fund to keep it in the future. The indications are that today's game will be the final one of the league season in this city. The local team plays a special game in Cripple Creek tomorrow.

BOXING MATCHES. BALL GAME ATTRACTIONS. As an added inducement to attend the Flood benefit ball game on Sunday there will be four boxing matches of about three rounds each after the game. George Blake, instructor at Crane's gymnasium, will box with Eddie Danacher, welter weight "champion" of some place; Eddie Hanlon will go against McConnell of San Francisco. Tony Jacobs will meet Perry Davis, who is too light to fight Kid Solomon at Tom McCarey's first show and Jim Jones will fight his own brother, Jack, for four rounds.

BASKETBALL. BIRMINGHAM WATER GAME. The Y.M.C.A. and the Los Angeles High School water basketball teams played a good game at the Bimini baths last night before a large and enthusiastic crowd. The Y.M.C.A. winning finally by a score of 12 to 6. The work of Torrey and Loomis of the winners was deserving of particular notice, and the fine team work of the victors was what gave them the game.

It has been finally decided that no league will be organized at present, it being thought better to wait until after the fall term of the schools opens so the athletic instructors will know just what material they have.

CRICKET. PRACTICE GAME SATURDAY. The Los Angeles Cricket Club met last night and decided to have a practice game Saturday afternoon at 2:30 o'clock on the St. Vincent campus. All the members are requested to be there. The first regular game is scheduled for Sunday, July 23, when the Los Angeles boys will meet the team of the Sons of St. George. An order has been sent to San Francisco for all the necessary paraphernalia.

AFTER RECORD. TRY AGAIN TODAY. Ralph Hamlin and L. L. Whitman started at 4 o'clock this morning for San Francisco via the Coast road. They have everything in the best of order and hope to have no troubles whatever this trip.

The pair will alternate driving Mr. Hamlin's Franklin touring car, and expect to make practically no stops en route. They have arranged a thirty hour schedule, and will, if on time, be in San Francisco at ten o'clock tomorrow morning.

Lush to Coach Yale. NEW HAVEN Conn., July 13.—William Lush, the Cleveland American League player, who coached the Yale baseball team this season, today signed a contract to act as the Yale baseball coach for the next three years. The amount of his salary is not stated. The fact that he has been engaged by Yale for a comparatively long term is regarded as permanently committing the university to the policy tried for the first time last year of having a professional coach remain with the team throughout the season.

Brighton Results. NEW YORK, July 13.—Five furlongs: Optician won, Remington second, Sandringham third; time 1:03 1/2. Steeplechase, about two miles: Phantom won, Knight of the Valley second, Russell Sage third; time 4:33. Six furlongs: Casaphine won, Mad Mullah second, The Mighty third; time 1:15. The Brighton Oaks, mile and a furlong: Tradition won, Schulamite second, Coy Maid third; time 1:56 2-5. And a further Volody won, St. Valentine second, Devout third; time 1:56. Six furlongs: Esoteric won, Whimsical second, Flavingy third; time 1:15 2-5.

Boys' Long Pants Suits

\$6.75

Worth \$8.50 and \$10.00

A special assortment of long pants suits for boys of 14 to 18 years will be on special sale for today and tomorrow at \$6.75. These are single-breasted style, and include two-piece outing suits as well as the regular suits. Splendid values at the regular prices \$8.50 and \$10.00—irresistible bargains at our special price, \$6.75.

Boys' Khaki Suits

The most serviceable clothing for boys of 5 to 16 years. These are made with long pants or knickerbockers. The material is regular U. S. Army Khaki, \$2 and \$2.50 per suit.

IGORROTES FOR PORTLAND.
 Fifty Bontoe Head Hunters Now on the Way to the Lewis and Clark Exposition.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
 PORTLAND (Or.) July 8.—By the 1st of August fifty Bontoe Igorrotes will reach Portland, to build a village at the Lewis and Clark Exposition, and remain as a living ethnological exhibit during the fair. For a time it seemed that Portland was not going to have this interesting feature, but after much hard work on the part of those interested in the enterprise the consent of Uncle Sam was secured.

It was necessary to obtain the consent of Secretary Taft and Gov. Luke F. Wright of the Philippine Islands before the natives could be procured. The government gave its consent for the head hunters to come to America only after receiving rigid assurance that they would be returned to their homes.

At the Portland fair these people of limited apparel will do their peculiar dances, eat, drink, smoke cigarettes and otherwise add to the gaiety of the exposition. Their village will be located near the Homer Davenport bird and animal farm. As this will be the first time any of these interesting wards of the nation have been on exhibition in the Pacific West, it is expected that they will attract much attention.

COOKING WITH GAS
 One of the comforts of family life—yes, bachelor life, all life—is hot water. You get it with gas: all you want, and with little expense.

Robinson Company
 BOSTON DRY GOODS STORE
 This store will be closed every Saturday until September 1st at 1 o'clock; on other days at 5:30.

Tomorrow a Sale of
Silk and Lisle Gloves

Reductions of a
Third to a Half

In the face of the unprecedented demand for fabric gloves we make liberal reductions on several of the most staple sorts. We believe in cleaning up stocks while the goods are in high demand.

Double-tipped silk gloves in black and white—the \$1 and \$1.25 qualities at ninety cents. All sizes in white. The 50c, 65c and 75c qualities at forty cents.

Black silk mesh gloves with white palms, backs embroidered in black or colors, 75c; regularly \$1.25; sizes 5½, 6 and 6½.

Fine Milan, also lisle gloves with 3 pearl clasps at 50c; regularly \$1; choice of mode, gray or black.

None will be sold until Saturday morning, and none will be fitted.

Corset Sale Today. 75c Values 45c
Leather Goods Sale Today. Samples at Half.

Tomorrow a Sale of
Men's Night Shirts at Half

They've seen service as samples—but what of it?

Ten cents for laundering saves you 25c to a dollar on each garment bought at this sale.

And many of these show NO signs of having been used as samples.

Generously full garments of fine madras, nainsooks, oxfords and twilled muslins; some quite plain, some elegantly trimmed with silk.

75c and \$1 Garments at 45c
 \$1.25 and \$1.50 Garments at 65c
 (On Sale Saturday at Right of Main Entrance.)

Next
Mondays
 Sales:

\$1 to \$1.50 silks at 50c.
 \$20 to \$30 suits at \$7.50.
 \$1 to \$1.50 waists at 50c.
 New Parasols at Half.

(Particulars in Sunday Papers.)

 Hind's Honey and Almond Cream, 30c a box

Ribbons at 1-2
 All remnants from 1 to 3 yards long, and from ¼ to 8 inches wide, in plain and fancy effects, will be sold at half price.

Also a heavy quality of 4-inch black taffeta ribbon of the regular 25c value will be sold on Friday only, at 15c a yard.

Linen Suits for Less
 Linen coat suits—at once the most popular and the coolest affairs that are being worn this season by the smart dressers:

Box coats with belted backs, pleated skirts; \$13.50 value for \$8.50.
 White linen coat suits; box coats with tailor stitched seams; cuffs, collar and pockets of colored linen—full pleated skirts; \$15.00 value for \$10.00.

White linen coat suits with fancy Eton jackets; trimmed with braid and colored linen; pleated skirts; \$18.50 value for \$12.50.
 White and colored linen coat suits; box coats or Eton jackets; some lace trimmed; box pleated skirts; \$18.50 value for \$13.50.

Good Handkerchiefs
 Today and tomorrow you may make handkerchief purchases here a matter of pleasing economy. For example:

Our regular 35c linen handkerchiefs are free to go at \$1.50 per half dozen; wide or narrow hems—1½ to 1-8 inch.

25c sheer linen and linen cambric handkerchiefs for 20c each, or six for \$1.

Hemstitched embroidered handkerchiefs—especially adapted for making bureau scarfs, corset covers, aprons, etc., which regularly sell at 15c and 20c, may now go at 10c each or seven for 50c, because some of them got soiled from being in a display window.

RAMONA PORTABLE COTTAGES
 Stores, Offices and Bungalows. Not cheap looking "canvases," pressed paper, "rough-board California houses," but built of kindred redwood. A-1 finish, stylish, substantial, homelike.

10 Styles and sizes, 1 to 8 rooms with porch, pantry, closets, bath-room, built-in beds, tables and furniture to order. \$170 to \$900. No nailing or sawing. Screwdriver, wrench and hammer the only tools used.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

LOCATES OVER DANBY LAKE.

PLACERS ASSIGNED IN SAN BERNARDINO COUNTY.

Vast Deposits of Soda and Other Minerals in the Dry Salt-Belt Region. Cement Works and Other Plants to Handle the Deposits Are Being Encouraged.

SAN BERNARDINO, July 13.—R. B. Evans of Pasadena today received assignments of placer locations covering an area of over 5000 acres, consisting of the Danby Dry Lake bed, on the desert, the locations having been made known by Secretary of the Interior, John R. Hays, of the United States Department of the Interior, to the San Bernardino County Placer Association.

The locations are made for soda and other minerals, vast deposits of which cover the bed of the lake, which is really a vast salt flat. It lies on the desert thirty miles from Danby, the nearest railroad point. Evans' plans include the erection of a salt refinery, cement works and other plants to handle the deposits, being encouraged by the fact that the proposed Santa Fe cut-off will pass near the lake.

Nine miles from the lake is a big mountain closely resembling in its composition Silver Mountain at Colton, which is furnishing material for the manufacture of one of the best cements used in this State, and as this mountain is owned by Evans, representing a competing company, the intention is to install machinery for making cement.

It is expected to commence work on the proposed building early in the fall, with the expectation that the company will be shipping its products to market within a few months after the first wagonload of machinery is hauled to the lake. Formerly the lake bed was developed for its salt deposits by the Crystal Salt Company, which has since the salt in wagonloads to Danby, Soda, covering hundreds of acres to a depth of from two to three feet, lines the lake, while there are immense deposits of gypsum.

While the opening of the proposed industry promises much for this county, yet there is a fear that it will start an era of cheap labor if the suggestion of Prof. Gilbert S. Bailey, the mineralogist, is followed. He is connected with the proposed industry and suggests the employment of Colorado Indians to develop the deposits of the lake, as they can be hired for \$1.25 a day and board.

BOOTLEGGERS ARE FINED.
J. P. Cummins and B. F. Flynn have just paid into the county treasury \$220, the amount of fines imposed upon them by Justice of the Peace Van Dyke of Daguerre for selling liquor without license at Odessa, on the Santa Fe Railroad. These two men are among the bootleggers who have been doing a thriving business selling whisky from a wagon on the desert.

STRANGE WOUNDS HEAL.
Joe Hernandez and Panteleon Magallanes, who were mysteriously shot on the night of June 20 here and taken to the County Hospital in a supposedly dying condition, this morning left the institution and are now back at work for the Santa Fe as section laborers. Hernandez claimed he was waylaid, and Magallanes explained the bullet wound through his body by saying he shot himself.

POLICE TAKE AMAZON.
Mrs. Doris Lane, a young woman who has been conducting a shooting gallery here and making herself notorious, was carried kicking and screaming to the police station last night in the arms of Chief of Police Shay. She had refused to give bail for her appearance in court, and was being taken to the police station without a license, which had been refused to her.

AGED WOMAN WINS.
Judge Oster this afternoon gave judgment for Mrs. J. R. Dougherty for \$5000 damages in the action against P. E. Hockaday and R. R. Simpson, charged with defrauding her of that amount in a real estate deal, giving her \$2400 and a 16-acre ranch, worth \$500 for her rooming-house here valued at \$6000.

She is 82 years old. Judge Oster, in deciding the case, said he could not believe the defendants guilty of intending to defraud the plaintiff, but they should have advised her as to the real value of the ranch, owing to her advanced years, which made her no equal to them in the transaction.

HOMESICKERS COMING.
A party of 125 homesickers from Iowa will arrive here tomorrow on the Salt Lake and will be shown about the city by the Board of Trade and the Merchants' Association. They will leave later in the day for Los Angeles.

COLTON.
VALLEY TOWN ITEMS.
COLTON, July 13.—A \$3000 contract has been awarded to the Wilson and Rose Mercantile Company by the government to install an irrigation system for the Sherman Institute farm, four miles below the school.

The Gregory Farm, located on the edge of the desert, is being cleared in the midst of the summer rush of packing dried fruits. There are sixty workers employed.

Benjamin Stevens of Baltimore is a guest of Mr. and Mrs. E. F. Harford. Mr. and Mrs. Frank Loomis are expected to return this week from Ocean Park.

RIVERSIDE.
GREAT GRAIN CROP MOVING.
RIVERSIDE, July 13.—The Santa Fe's San Jacinto branch is having just now all the business that it can easily handle. The grain crop of the Moreno, Ferris, Menifee and Murietta valleys is coming down over the Box Springs grade in trainloads, and even the Lakeview branch, where a while ago is seldom heard, is witnessing a big export business. It is estimated that the crop in the section drained by the San Jacinto branch will bring \$1,000,000.

RIVERSIDE NEWS BITS.
Rev. G. H. Deere has sold to William Merrifield the vacant corner on Lemon and Seventh streets, 110x165 feet. The consideration named is \$2500. The purchaser, who now resides at Highgrove, will build a handsome residence on the property.

Plans are being drawn for a new church for the congregation of the "original Apostolic faith," which has fifty members here. The new edifice will be built on the corner of Eleventh and Lime streets and will be 30x45 feet.

E. F. Binder, county game warden, predicts a good quail season. The young birds are well protected this

ELGINORE.

SPRINGS TOWN NOTES.

ELGINORE, July 13.—Prof. Green of Escondido has been engaged as principal of the Union High School for the next May by George Nott of Los Angeles. John Reid of Danby, J. W. Sullivan of Seligman, Ariz., and others, each of whom is stated to have received \$25 for each of the locations assigned.

The locations are made for soda and other minerals, vast deposits of which cover the bed of the lake, which is really a vast salt flat. It lies on the desert thirty miles from Danby, the nearest railroad point. Evans' plans include the erection of a salt refinery, cement works and other plants to handle the deposits, being encouraged by the fact that the proposed Santa Fe cut-off will pass near the lake.

THE OIL INDUSTRY.

YEAR'S RECORD IN ALL STATES.

PRODUCTION GREATER AND THE AVERAGE PRICE LESS.

Eastern Districts Lose Production and Gain Little in Value—Texas Output Increased Three Millions. Average Decline in Price Nearly Eight Cents—California's Showing.

In the report just issued by the United States Geological Survey on the oil industry an interesting comparison is made between the production and valuation of the total amount produced and the average price received in each State during the last three years. With a total for the entire country of 117,063,424 barrels, an increase from 100,461,327 in 1931 and 98,765,916 in 1932, the total value is estimated at \$101,170,466 as against \$117,918,916 in 1932 and \$94,848,940 in 1931. The average price per barrel for the entire United States is .864, as against .9426 during 1932 and .9019 for 1931, a decline of .0786, or nearly 8 cents in one year.

In California with a production of 26,640,434 barrels, as against 24,352,427 for 1932 and 23,984,263 for 1931, the total value is \$25,265,454 against \$27,399,349 in 1932 and \$24,973,817 in 1931. The average price per barrel for this State was .778, a decline from .803 in 1932 or 2.5 cents. In 1932 the average price was .828 cents per barrel. From this it will be readily seen that California consumers get their oil considerably cheaper than in former years. This work is being done by the California Petroleum Producers Association.

This point was emphasized at an inquest on Wednesday, at which it was stated that the deceased, a waiter named Thomas Wright, had been taking a prescription from an old prescription, and the coroner pointed out that a great deal of damage was done by that practice.

There must be an immense number of old medical prescriptions stored away in domestic cupboards in England where use would not only no longer benefit patients for whom they were originally intended, but would work positive harm. The coroner pointed out that a great deal of damage was done by that practice.

Old prescriptions are treasured by the ignorant, and a chemical "Ten-year-old" prescription is quite frequently brought to us to make up, and only yesterday I made up a harmless one dated 1894.

"Drug habits may be acquired through these old prescriptions," said a doctor who has been a student of the drug which may be of the greatest possible benefit during an illness as a sedative will lay the foundations of

United States Consul Anderson at Amoy, China, reports very favorably on the market for American kerosene in China. On the upper Chinese coast the American product easily controls the market, and the lower coast the Borneo and Sumatra oil is sold to a greater extent. In Amoy last year 400,000 gallons of Borneo and 1,800,000 gallons of Sumatra oil were sold to 160,000 gallons of American product. The Standard Oil Co. has been working hard to increase this trade. At present negotiations are under way for the acquisition of sites for tanks for handling American oil, as hitherto it has been shipped in tins, while the others have been handled in the tanks of the Royal Dutch Petroleum Company, which enables them to be sold much cheaper, and while the American product is of a higher grade the Chinese do not desire the lower quality.

The Consul says, however, that there is no valid reason why the Americans should not capture the trade with proper pushing. The Japanese have secured a site for tanks at Amoy, but their product is not sufficient for the local consumption. The Russian oil has almost totally disappeared from the market.

Let us yet there seem to be few, if any, consular reports on the chances for American fuel oil in China, but it is more than likely that a big trade will be built up when the Associated Oil Company enters the foreign market in earnest. The fuel question in that country is of the greatest importance.

ORANGE COUNTY'S ROAD OIL.
The Supervisors of Orange county have let the contract for road oil to C. E. Lapp & Co. of this city, the price being 35.99 cents per barrel f.o.b. Los Angeles. The oil will be taken from the oil field, and according to the bid submitted, is to contain 65.75 per cent asphaltum and will be of 14.4 gravity. The specifications were indefinite as to kind of oil desired, asking for a general term for about as much asphalt as could be obtained.

A bid was submitted by C. A. Baldwin & Co. of this city, who represents the Sunset oil men in Southern California. Mr. Baldwin was evidently convinced that there was no chance of placing the latter oil, as he bid 33.45 cents per barrel f.o.b. Los Angeles for oil containing 65 asphaltum.

Mr. Lapp, the successful bidder, has been furnishing oil to the county during former years.

SANTA MARIA DELIVERY.
The Pinal Oil Company at Santa Maria commenced the delivery of oil to the Standard on the 5th inst. It has a million barrels to deliver under its contract. The Standard is working steadily on its great pipeline, and meanwhile all shipments, with the exception of those of the Union, are awaiting its completion.

DOES NOT EVEN KNOW HIS WIFE.

LOS ANGELES GROCER SLOWLY DYING IN SAN JOSE.

Stricken With Mysterious Disease of Brain While on Business Trip, His Memory a Blank and He Cannot Recognize Relatives—Physicians Say Case Is Hopeless.

Suffering from a mysterious mental disease which the attending physicians admit they do not understand, his mind a blank even to the extent that he does not recognize his wife and his case considered hopeless, James E. Talmadge, who for years has been in the grocery business at No. 456 East Third street, is slowly dying at the O'Connor Sanatorium in San Jose.

Four weeks ago while en route to San Francisco on a business trip, he was seized with sudden stupor, which rendered him helpless as a child and caused a total loss of his memory. He was taken off the train at Southern Pacific officials took charge of him, sending him to the sanatorium.

Mrs. Talmadge who was in Los Angeles in the name of the husband and in his case was connected with the law department of the Southern Pacific, were summoned and have since been caring for him.

The physicians who have had charge of the case say the disease is like brain cancer, and probably is the result of overwork. The unfortunate man is conscious, but has not the slightest memory of his former life and to him his wife is a stranger.

His wife has received a flattering offer for her grocery and home on East Third street, but the property is in the name of the husband and in his present condition, he can not sign the necessary papers so that the property can be transferred.

Talmadge is slowly wasting away and the doctors have stated that nothing can save him. He may live for weeks or months or the end may come at any time.

There must be an immense number of old medical prescriptions stored away in domestic cupboards in England where use would not only no longer benefit patients for whom they were originally intended, but would work positive harm. The coroner pointed out that a great deal of damage was done by that practice.

Old prescriptions are treasured by the ignorant, and a chemical "Ten-year-old" prescription is quite frequently brought to us to make up, and only yesterday I made up a harmless one dated 1894.

SIX PHYSICIANS

FOUND THIS CASE OF RHEUMATISM BEYOND THEIR SKILL.

Mr. Jones Told of the Way by Which He Treated Himself Successfully When Doctors Failed.

Six physicians, all of them good, one of them a specialist, had done their best for Mr. Jones at different times during three years, and still he suffered fearfully from the tortures of rheumatism.

He had felt occasional twinges first in January, 1901, and in February of that year he was compelled to give up and to take to his bed for a siege of two weeks. From that time on for a period of more than three years, until the fall of 1904, he was a constant sufferer.

Of his condition during this time, Mr. Jones says: "My rheumatism started in my right thigh, but in time it spread throughout my body. I lost the use of my left arm entirely and nearly lost the use of my right one. My feet were badly affected, especially the bottoms of the heels. When my right side was affected there was swelling, but the left side didn't swell. When the disease settled there, the internal organs didn't seem to be involved at all. The trouble was all in the muscles and the nerves."

Among the few who still encouraged Mr. Jones to think that a cure might yet be found in spite of the many disappointments he had suffered, was a friend who had reason to believe in the efficacy of Dr. Williams' Pink Pills, and acting on his advice he bought a box of them in September, 1904. The story of what followed is brief, but nothing could be more satisfactory.

For a perfect cure was at last found. The internal organs didn't seem to be involved at all. The trouble was all in the muscles and the nerves."

Mr. William Jones lives at Oxford, Mich., and is well known through the Oakland and Lapeer counties. Dr. Williams' Pink Pills did wonderful cures in rheumatism, because they work directly on the blood, which is the seat of the disease. As soon as that is cleansed and enriched pains and swellings disappear. No other remedy can do this. Dr. Williams' Pink Pills as a blood builder and nerve tonic. They are sold by every druggist. The Dr. Williams' Medicine Co., Schenectady, N. Y., will send a valuable booklet on "Diseases of the Blood," to any one who writes for it.

When Sleep is Needed Most. Perfect health demands not only a fixed amount of sleep, but the observance of regular habits. And perfect sleep for man can be obtained only at night, as suggested by the rhythmic succession of light and darkness. There is no point in the old proverb, "An hour's sleep before midnight is worth two later." Those who are in the habit of turning night into day realize this to their cost. The hour before midnight may be worth two after it from 11 to 12. And inasmuch as the human system is more below par at 3 a.m. than at any other period in the twenty-four hours, sleep that comes at least two hours on each side of this time. When life is at stake in the crises of acute disease nurses are instructed to begin special stimulation at midnight and to continue it until 6 in the morning, in the hope that flagging energies may be sustained through this period of supreme depression. (Good Housekeeping.)

As Others See You. You see yourself as you like others to see you, the moment you put on Stein-Bloch Smart Clothes. You know exactly how they look and feel. At once their high quality and graceful form convince you of their high character.

Contentedly you wear them, knowing that no garments could more become you than Stein-Bloch Smart Clothes.

Write for "Smartness," an education in correct dress, which also explains the wonderful reason why Stein-Bloch Smart Clothes are sold in your city.

THE STEIN-BLOCH CO. Wholesale Tailors, 125-35 Fifth Ave., Tailor Shops, New York, Rochester, N. Y.

A POSITIVE CURE....
This is Dr. McLaughlin's offer to Weak Men, Rheumatism, Dyspepsia, Men with Lame Backs, Weak Kidneys, Lost Vitality, Varicose Veins, Wasting of Vital Strength, Sciatica, Constipation, "Come and Go" Pains, and to Women with the Weaknesses Peculiar to their Sex.

Give me a man broken down from overwork or dissipation—one who has lost the very essence of health—and I will make him feel like a youth of twenty within a month. How? You ask. Simply by pumping a vital stream of electricity into his body in the right way while he sleeps.

Dr. McLaughlin's Electric Belt
Does wonders in a few applications. It arouses all the dormant energies, develops muscular and nerve life and restores the feeling of youth, courage and vigor. It makes men over again. It makes perfect men of the puniest, weakest specimens of "half men."

Are you sick? Are you in pain? Are you a Weak Man? Are you tired of doctoring and paying out money without result? Then come to me or write to me.

I give a free test, to all who call. If you cannot call I will send you my beautiful illustrated book with full information free. Call or write now. Don't delay.

HOUSEWARMING OF GUARDSMEN.

BRILLIANT OPENING OF NEW POMONA ARMORY.

Distinctive Structure is Inspected by Visitors, After Which There is Held a Banquet With Covers Laid for Four Hundred—Congratulations for the Military Company.

[BY DIRECT WIRE TO THE TIMES.]

POMONA, July 13.—[Exclusive Dispatch.] Tonight has been a red letter occasion in the history of Co. D, N.G.C.

The fine new armory, just completed opposite West Second Street Park, was formally opened with a reception and banquet given to the local citizens and numerous visitors by the company.

The building is distinctive in that it is the only armory in the State erected and owned by a military company.

The structure is commodious and conveniently arranged, being of the Mission style of architecture, and having large rooms on the first floor and gymnasium, lounge, store and locker rooms with shower baths in the well-lighted basement.

It presented a brilliantly lighted and decorated appearance as the visitors were driven up to the entrance, having been escorted from Hotel Palomares by Co. D, the High School Cadets under Maj. Reynolds and the Pomona Band.

After a brief reception during which time the visitors were given an opportunity to view the building, the assembly adjourned to the Officers' Mess, where a banquet was served. Covers were laid for 400, and music was furnished by an orchestra.

Col. Mideley introduced Dr. Robert P. Shepherd, who presided as toastmaster. Gen. H. G. Otis responded to "The Army." Senator Frank P. Flint spoke on "Southern California." Congressman James McLaughlin's subject was "Rivers and Harbors." Gen. P. C. Prescott spoke on "The National Guard," and Gen. Robert Wankowski on "Co. D."

Several impromptu speeches followed, and many adjourned to the new armory to enjoy dancing. The boys of the company have been recipients of many congratulations for having provided the city with so attractive a structure.

The new armory is a fine example of the Mission style of architecture, and is well equipped with all the modern conveniences.

The building is well lighted and ventilated, and is a fine example of the Mission style of architecture.

Searching Facts From Searchlight

(From The Herald, July 9th.)

BIG SYNDICATE IN SEARCHLIGHT

Los Angeles Men Organize a Mining Company

EARL ROGERS IS PRESIDENT

John Brink, Luther G. Brown and Other Well Known Citizens.

Members of Board of Directors.

Earl Rogers is the president of the new Searchlight Treasurer Gold Mining Company, organized by a syndicate of Los Angeles capitalists. John Brink is one of the directors and so is Luther G. Brown. Other directors are J. N. Hall and R. S. Quarrier, and this board is one of the strongest that has been got together for any mining proposition.

Naturally the first consideration to the investor in mining propositions is the holdings of the company.

The property of the Searchlight Treasurer Gold Mining Company is right in the heart of the great mineral producing belt of Searchlight, Nev.

The property is located on the extensions and immediately adjoining the great wealth bearing veins of the Duplex Company's mines and only a few hundred feet from the Quartzette, Good Hope and Cyrus Noble properties, all of which are well known to the public as big producers and making their stockholders wealthy. In fact so near the very center of this great district is the property that a portion of the town of Searchlight is on the company's claims, including some of the largest stores that are now becoming important factors in distributing supplies for this rapidly growing district.

The directors purchased the property outright and have shown their confidence in its merit by having the deed to the stock of the company in payment of the purchase price.

Forty-six Surprises from the Half Yearly Cleanup Sale

A Phenomenal List of Values in Spring and Summer Merchandise

The great offerings we are making this week fully justify your laying aside all household duties to make an early morning trip to this store, where thousands of articles of spring and summer merchandise are offered at one-half regular—in some cases at one-third—of the cost of production. It certainly is to your interest to anticipate your wants for months to come. We particularly desire to impress the fact that every one of the forty-six items described below are values that cannot by any possibility be duplicated elsewhere. The prices are so low that every one of these special lots should and will be sold out in the one day.

\$15.00 Mismatched Dinner Sets at \$7.50

100-piece decorated dinner sets; short ends of open stock lines which we have discontinued; are best English and American semi-porcelain; the decorations decidedly neat and pretty and a complete set for 12 people, regularly sold at \$15.00. THIRD FLOOR.
